REMEMBER SEPT. THE 12th.

The Day of the Local Option Election.

Local Option at Mayfield.

To Whom it May Concern: We the undersigned professional and business men of Mayfield, Ky., state that Mayfield has been a local option town for more than 30 years, and that as an evidence of the satisfaction of its citizens, from both a moral and financial standpoint, the majority for temperance was overwhelming at the last election, in fact the largest in its history. We have a prosperous town, of about 7,000, not a vacant business house in it, several new ones recently built and others under course of erection. A large number of dwelling houses have been erected this year. Our laboring people are prospering and well provided for, and their earnings, which in whisky towns usually go to the saloons, are here expended for the necessities and pleasures of their families.

We Most Heartily Endorse Local Option.

Signed.

R. O. Hester, Attorney at Law.
C. R. Roberts, Shoes.
N. A. Hale, Bank Cashier.
W. H. Benjamin, Sec. D. & L. Association.

Carter & Slaughter, Dry Goods.
B. C. Seay, Attorney at Law.
W. S. Foy, Attorney at Law.

LOCAL OPTION AT CAMPBELLSBURG.

To Whom it May Concern: Campbellsburg has been under local option for a number of years. The fact that only four votes were cast against it at our last election, which was held just a short time since, shows that our people are thoroughly satisfied without saloons. We do not hesitate to say that our town has been greatly benefited both in a moral and financial way, by the voting out of whisky from our midst. Our home life is better, our public morals are better, and we now have a perfectly safe town in which to raise and educate our children. No man who has boys, ought to hesitate one moment in deciding what to do when it comes to a vote on local option. Local option will also help the business of any community.

Signed.

How Does the Senator Stand?

As Senator McCreary is said to be endeavoring to corral the elements who are opposing Gov. Beckham because of his enforcement of the laws against liquor selling on Sunday and his efforts in behalf of the county unit bill, may we, as an old friend and supporter for more than 30 years, ask the Senator:

1. Are you for or against the enforcement of the Sunday law?

2. Are you for the county unit law? If not, are you against it or indifferent to its results?

An honest answer to these questions will greatly simplify the Senator. To oppose them and triumph over the man, by reason of them, who is obeying his oath to see that the laws are properly executed, and who made the passage of the county unit law possible, will be a sad blow to the temperance cause in Kentucky. It will set the efforts of those who have worked for its advancement back fully a score of years. To punish a man for observing his oath and trying to insure to each locality the right of self-government will be a notice to all others that the liquor power is in the saddle in Kentucky, and no one need dare to try to fly in its face. Senator McCreary may not answer the questions now, but he will be forced to come out in the open by Gov. Beckham before the campaign is over, and he had as well make a virtue of a necessity and state his position at once. —Frankfort Journal.

LITTLE LATE BUT GOOD. Hon. Harvey Helm, of Stanford, was declared the democratic nominee for Congress by the committee which met at Nicholasville Friday. This paper has had much to say, from time to time, regarding the many sterling qualifications of Mr. Helm, and our readers are aware of the fact that better Congressional timber could not have been obtained. Young, brilliant, true to his friends and an indefatigable worker, he will make a record of which his constituency will feel justly proud. If every district is represented by an equally capable man, the Kentucky delegation will be heard from in the next Congress. —Central Record.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. These tablets also cure indigestion and biliousness. Price 25c. Samples free at Stanford Drug Co.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by Penny's Drug Store, Stanford. Lync Bros., Crab Orchard. Price 50c and \$1.00. Trial bottle free.

MATRIMONIAL.

M. B. Carson, aged 20, and Miss Edna Gertrude Bell, 13, both of Hustonville, were joined heart and hand. The groom is a clever and industrious young man. The bride is the pretty daughter of Mr. T. J. Bell.

W. B. Land, the liveryman, and Mrs. Allie Sutherland, were made one a few days ago. Mr. Land is an industrious, energetic man and a hustler from away back. His bride, who is a handsome young woman, is a daughter of Mr. B. P. Martin, of Rowland.

In the parlors of the St. Asaph Hotel Wednesday morning, Mr. H. H. Logan, a prominent business man of Crab Orchard, and Mrs. Allie Kennedy, a handsome widow, of that place, were made one, Rev. R. B. Mahony performing the ceremony, which was a very pretty one. Only a few friends witnessed the marriage. We haven't the pleasure of the bride's acquaintance, but know the groom well and believe him to be a fine gentleman and worthy of the high esteem in which he is held by his home people.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

D. B. Roberts a planter at Rapides Parish, La., has discovered that whisky will kill cotton-boll weevils, which have cost the South millions of dollars. He placed a number of the weevils in a large glass jar and poured whisky into the vessel to barely cover the bottom. Instantly the weevils began fighting each other, and within a few minutes the last one was dead. Roberts then sprayed with whisky cotton infested by weevils. The bugs were killed and the field cleared of the pests. Large sums have been offered for a practical boll-weevil exterminator, the State of Texas alone having offered \$50,000.

PREACHERSVILLE.

Rev. Baird preached at the Baptist church Sunday.

Messrs. W. H. Cummins, J. K. Sutton and Levi Sowder are attending the association near Level Green. Misses Katie Phillips and Beulah Jordan, of Stanford and Burnside respectively, visited Mrs. N. J. Horton. Miss Jordan is now the guest of her brother, Walter Jordan. Joe Lunsford and family and J. R. Riggsby and family were visiting at John Naylor's. B. T. Lunsford, of Garrard, is with his father, B. T. Lunsford, Sr. Mesdames Cress and Blankenship visited Brodhead.

Mr. J. T. White, a promising young machinist of this section, is perfecting a patent attachment to a threshing separator, which by the means of one lever can be leveled on any kind of ground without any digging or jacking up of wheels. Every one familiar with the science of machinery seems to think it will be a grand patent, far surpassing anything of this kind ever devised. We hope Mr. White will succeed in this undertaking, as there is not a cleverer or better hearted gentleman in this country than he is and it is safe to say that ere long he will have made his mark.

Pain from a Bruise Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss, of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Stanford Drug Co.
